

本品為純天然高效能魚脂酸製劑

成份： 每粒軟膠囊含有OMEGA-3脂肪酸..... 300 毫克
EPA二十戊烷酸..... 180 毫克
DHA廿二己烷酸..... 120 毫克
天然維生素 E (天然抗氧化)..... 1 單位

人體血液中膽固醇及甘油三脂的含量過高是造成動脈硬化，冠心病高血壓的主要因素，因此，降低血脂含量對防治動脈硬化，心臟病及高血壓等病都十分重要。

據近代醫學研究的結果發現，世界上愛斯基摩人是最少患上上述疾病的民族，原因是他們的日常食物是以生長在寒冷水域的魚類為主，而這些魚類的肉質中蘊藏大量天然珍貴的魚脂酸“EPA”二十戊烷酸和“DHA”廿二己烷酸，這兩種不飽和的脂肪酸，即簡稱“OMEGA-3”脂肪酸。

“OMEGA-3”脂肪酸能有效地降低血液中膽固醇及甘油三脂的含量，並能化解附在血管壁上的多餘脂肪，且能防止血液中的血小板凝聚，因而可以減少血管阻塞及心臟病發風險。

醫學研究證明“OMEGA-3”脂肪酸，能營養皮膚，增加皮膚彈性消除皺紋，使皮膚保持光滑，並能潤滑修補關節軟骨組織，消除骨骼及肌肉疼痛。

DHA能強化腦記憶力，活化腦細胞，DHA是直接被腦神經細胞吸收的營養素，經血液送抵腦部，進入腦部磷脂質中，提供充分腦膜中細胞形成所需的營養，促使腦細胞柔軟，活動性強等效果。

經多年研究從寒冷水域生長的魚類肉質中萃取其天然珍貴的魚脂酸，精製而成『「雪碧蘭」天然魚脂酸降脂脈通靈』，成人每天服食一至兩粒，足以攝取足夠份量的“OMEGA-3”脂肪酸，本品含天然成份，不含防腐劑及人造色素，安全可靠，適合長期保健服用。

本產品符合美國食品及藥物管理局 (FDA) 認證及優良生產規範 (GMP) 藥廠製造

包裝：每瓶60及100粒

劑量和服法：每日進餐時服1-2粒，或遵照醫生指示服用。

無添加劑及防腐劑

貯藏：保持攝氏25°C以下，請存放在陰涼地方。

製造：美國歐納天然營養食品大藥廠

總代理：永裕(香港)貿易有限公司

本說明書僅供醫生參考

EACH SOFT GEL CONTAINS:

EPA (Eicosapentaenoic Acid)..... 180 mg
DHA (Docosahexaenoic Acid)..... 120 mg
Total Omega-3 Fatty Acid..... 300 mg
Vitamin E (added as an antioxidant)..... 1 i.u.

OMEGA 3 EPA & DHA soft gel is a natural refined fish oil prepared from the fat tissue of higher cold water fish. It contains an unusual fatty acid called Eicosapentaenoic Acid (EPA) and Docosahexaenoic Acid (DHA) - abbreviated Omega-3. It helps to create PG1₃ in the body thus removing bad cholesterol accumulated on the blood vessel walls hence prevents the formation of thrombus. Regular intake of OMEGA 3 EPA & DHAs soft gel helps avoiding certain adult diseases such as arteriosclerosis, hypertension, apoplexy, cerebroinfraction and cardiac infraction etc.

OMEGA 3 EPA & DHA soft gel stimulates the body's immune system to produce a natural hormone, and thus controls the inflammatory and swelling conditions caused by rheumatoid arthritis. DHA a polyvalent unsaturated fatty acid, also helps avoiding thrombus formation and arteriosclerosis.

OMEGA 3 EPA & DHA soft gel a polyvalent unsaturated fatty acid, transforms PG1₃ and TXA₃ in the body PG1₃ is avoiding thrombus formation and has an anglectasis action. When the blood level of EPA reaches certain concentration, the danger of coagulation of the blood platelets is greatly reduced. Therefore, the disease of cerebroinfraction and cardiac infraction caused by thrombus formation can be avoided.

PACKING: Bottle of 60 and 100 soft gels

SUGGESTED DOSAGE:

One or two soft gels with each meal as nutritional supplement or as directed by physician.

STORAGE:

Store below 25°C. Keep away from heat.

MANUFACTURED BY:

Arnet Pharmaceutical Corp
2525 Davie Rd. Suite 330, Davie, FL. 33317 Made in U.S.A.
